

## Your guide to program rates at Hazelden in Naples

At Hazelden's urban beach setting, clients are able to turn down the noise of the outside world and focus on making changes that build lifelong recovery from addiction.

A financial case manager is available to answer your questions regarding costs and insurance coverage. Hazelden is an in-network insurance provider for Community Health Partners. Some financial assistance may be available to those who qualify.

### Assessment

Hazelden Florida is pleased to offer the SW Florida community the opportunity to come to our facility for a Chemical Dependency Assessment. Many persons who meet the criteria for needing treatment do not recognize that they have a problem with substances. Often, it is friends and family who recognize the severity of the problem. The best way to determine if a person's use/abuse of substances requires treatment is to arrange for a Chemical Dependency Assessment. Each client will be tested for drugs and alcohol and a Licensed Clinician will complete the assessment, helping to determine the appropriate level of care.

**Rate** \$358

### Residential Treatment

24/7 treatment for alcohol and other drug addiction. Length of stay is usually 30 days or more and based on the clinical progress of the individual. Average length of stay is 30 to 60 days. Rate covers room and board, integrated clinical care including individual counseling and group therapy, educational and therapeutic programming, and wellness.

**Rate** \$572/day

### Day Treatment/Partial Hospitalization

Rate covers integrated clinical care including individual counseling, group therapy, and educational and therapeutic programming. Patients typically participate in the Day Treatment program while residing on campus. Hazelden's goal for each patient is lifelong recovery. As a result, the length of the patient's treatment program is determined by the interdisciplinary care team as treatment progresses.

**Session rate** \$468/session  
**Optional room & board** \$104/day

## Intensive Outpatient Program (IOP)

Rate covers integrated clinical care including individual counseling, group therapy, and educational and therapeutic programming. Our program runs for 24 sessions over an eight week period. Hazelden's goal for each patient is lifelong recovery so the length of time in the program may vary based on the clinical needs of the client.

**Session rate** \$328/session

## Detoxification Services

Provides client an opportunity to taper safely from opioids, alcohol and other drugs. Length of time to detoxify varies so rates vary. Treatment may include educational services to support engagement in treatment. Room and board is available to those that want to stay on the premises.

**Inpatient detoxification rate** \$650/day

**Room and board** \$104/day

**Other detoxification services available.**

## Recovery Management

### Continuing Care Groups

Rate covers a group session facilitated by a Hazelden clinician. During the first four weeks after completing primary care treatment, patients have access to once a week continuing care sessions for a total of 24 continuing care sessions. Discounts are made for a pre-paid 90 day stay.

**Session rate** \$104

## MORE®

MORE is an 18-months of web- and phone-based personalized continuing care program.

**Program fee** Free to Hazelden clients

## Hazelden Connection

Rate covers 18 months of recovery coaching and support for participant and up to two family members or concerned persons. The program also includes accountability verification reports and random drug testing.

**Program rate:** \$9,000 (\$1,000 discount if paid in full up front)

*Can be paid in six-month increments:*

1st six months \$4,500

2nd six months \$3,000

3rd six months \$1,500

Rates shown here are effective 01/01/12. Rates are subject to change.
